

CityPark4Brum – support our campaign now!

Would you like a large green park in Birmingham's city centre?

A publically owned site near the Bullring, the size of 20 football pitches, provides a unique & unmissable opportunity.

Parks are good for urban environments as they:

- Improve physical and mental health
- Improve air quality
- Improve biodiversity
- Bring communities together
- Provide a site for open-air events

Two steps for a greener city centre:

1. **Sign & Share** our [change.org petition to Birmingham City Council](#) now to reach our 10,000 supporter target (search for “CityPark4Brum petition”) **It's now or never!**
2. **Follow @CityPark4Brum** on our [Website](#), [Twitter](#), [Facebook](#) & [Instagram](#).
